# FACILITATOR PROFILE

DrTasneem capitalizes on her 17 years of experience that has spanned across 57+ organizations, not only across India but Europe, Kuwait, Singapore, UAE, UK, Malaysia, Bangkok, Bhutan, US, Canada.

Her core areas of expertise lie in CXO Coaching and Development, Building Organizational Systems Architecture, OD interventions & Neuroscience based Self - Development.

PhD in Business Leadership, Masters in Human Resource and Masters in Commerce, DrTasneem has immersed her life's work in behavioral sciences, Leadership, Organization Transformation, neuroscience and performance coaching.

She is an ICF trained brain-based coach. She has coached 46 unique individuals from CXOs to First time managers, Professors, IB Teachers, Start-up founders, International Sales Manager and professionals.

She has also designed and deployed organization processes and systems, transformed 20+ Organizations into Professionally Managed units and inspired 4000+ professional as trainer & facilitator during her stints as business management consultant. This relevant and unique combination of having been on both sides of the table, business-facing and consulting makes her a coach who is rooted in business wisdom and realities of everyday life.

For DrTasneem, authenticity is key. Hailing from a HR fraternity, Coaching, comes very naturally to her! And it is this spirit of unapologetically owning who she is that allows her to build meaningful relationships.

Her expertise areas in performance coaching are Personal Growth, Leadership Development, Team Leadership, Growth Mindset, Self Confidence, Emotional Regulations, Learning Agility, Career Transitions, Lifestyle Habit Formation & Building Trust.
